

Product Code	Description
P8223FFO	IP66 13A Fused Connection Unit with Flex Outlet

Technical Specification

P2232F - 13A Fuse Module

- Rated voltage: 250VAC 50/60Hz
- Rated current: 13A
- Recommended wire size: 2.5-4mm²
- Comply to standards: BS 1362

P5601 - 16A Flex Outlet Module

- Rated voltage: 250VAC 50/60Hz
- Rated current: 16A
- Recommended wire size: 2.5-4mm²
- Comply to standards: BS 5733

E118110 - Weatherproof Enclosure

- Dimensions: 118x110x85mm approx. (HxWxD)
- IP66 – protected against dust, powerful water jets
- Comply to standards: IEC 60529

Product front view with cover lifted

Note: This product is assembled as a complete unit, the modules are not sold separately.
